The Shorthorn World**

**Norm Warsinski Billings, Mont.
Western Livestock Reporter**

Catalog Lithographed By MWM Color Press, Aurora, Mo.

REGISTERED

Terms and Conditions

Terms of the sale are cash.

All cattle will have been tested within 30 days of sale date and individual health certificates will be furnished for movement to any point. We will also furnish official Bang's vaccination certificates on all females as every animal has been officially calfhood vaccinated.

Every effort will be made to call attention to any defects at the time of the sale, but failure to do so shall not constitute a breach of agreement.

Announcements from the stand as to health, breeding data, or correction of possible errors on printed matter, will take precedence over this catalog.

This being a dispersal, the cattle sell without guarantee, however the calves at side, or cows showing heavy in calf, are full evidence of the breeding potency of the herd.

Cattle will become property of purchaser as soon as declared sold. They will be cared for, at purchaser's risk, for a reasonable time, but must be by personal arrangements with the sellers.

Certificates of registration will be furnished on each animal, including calves at foot, and transferred to purchasers on the records of the American Shorthorn Association.

The auctioneer will settle any dispute as to bids by declaring all bids off and reselling the animal in question.

We shall not be responsible for any accidents that may occur, but will make every effort to provide for the safety of our guests.

Statement By Owners

This herd was started by Herb Beckley under the guidance of his life-long friend George Burckhalter at the famous Hercules dispersal. These top heifers were joined by some older cows that Mr. Howard Hackedorn and John Burns at the State College of Washington would sell from the college herd. Except for a few cases the main other infusions were from a group of heifers Herb purchased at various International Sales at Chicago.

From the sire side, the first herd bull was an Inland Empire sale champion, Royal Emblem 2d, consigned by A. D. Dunn. He was then followed by another Inland Empire Sale champion, Spring Creek Stamp, consigned by John Napier. The next herd bull was the great breeding bull, Wheatland Grenadier. He was sired by Killearn Ramsden 2d, who was a direct son of Balmuchy Jasper. He was bred by C. J. Broughton. Then came Statesman's Diamond that Herb purchased in Chicago from the Struve's. Probably no one realized his value until he was gone as his heifers turned out to be good breeders. The next herd bull was much the same way in that his females still show their breeding. He was Prince Peter, Jr., the Merryvale bull that we held in partnership with the Henry Fishers.

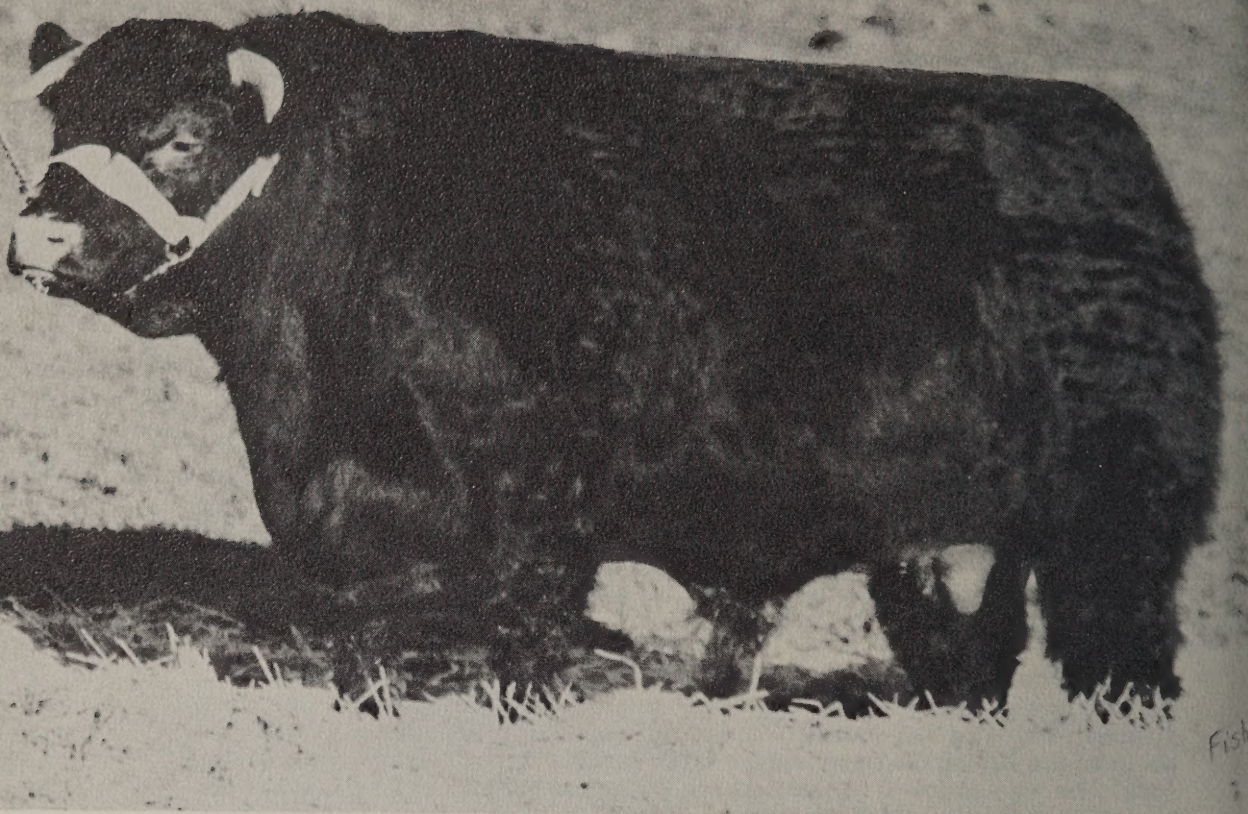

The present day herd starts with the great old bull, Killearn Colonel Max. He was shown only one season and was shown 4 times and was Grand Champion 4 times, including the Pacific International Livestock Exposition. From this he lived his life on the farm and the older females are all sired by him or his sons. He was followed by the Reserve Champion but high selling Inland Empire Sale bull, Wheatland Radiance. Due to his untimely early death we used a top son, Wheatdale Radiant Eagle. His dam was by the great old Killearn Norseman 75th, used so successfully by E. B. Goude and Sons. His grandam was by Grenadier.

Chosen at a time when we fully expected to carry on the herd were the two herd bulls that will be sold in this sale. I am sure you will see at sale time these bulls were not a "stop-gap" measure. Wheatland Baronet 34th is a C. J. Broughton bred son of the imported Dungarthill Baronet. Commodore was sired by Byron Reser's senior herd sire, Westmere Elect 4th and out of the great old imported Barquhar cow.

Herb took personal charge of the herd from its inception in 1934 to 1946 at which time Ken was discharged from the armed forces and has actively cared for the herd at Bengé with Herb caring for the cattle when at the Four Lakes Farm.

At the present time every animal except the two purchased herd bulls was bred and calved on the farm. Of the 84 lots, 75 of the grandams were bred and calved on the farm. I am sure this accounts for the uniformity that gave us the Champion pen-of-three and Champion pen-of-two at both the 1958 and 1959 Red Bluff Bull Sales. In 1960, our group won the Champion and Reserve pen-of-two competition at Red Bluff. Since 1946, the herd has had one or more champions at the Adams County Fair and since the revival of the Spokane Interstate Fair, we have exhibited every year and have carried two or more purples from every show. The 1956 Red Bluff Champion and the 1954 and 1955 Reserves at Red Bluff were our bulls. In 1955 we won both Champion and Reserve at the Washington Cattlemen's Association Sale. The 1957 Inland Empire Champion Sale bull was a Wheatdale Bull.

Now that Herb's health will no longer permit him to take care of the Four Lakes Ranch and the dry nature of the Bengé area, we have finally come to the hard decision. We have decided to disperse every animal so one may come to the sale and buy with the assurance he is getting his choice of the results of this top herd breeding program.
